Smart DC pro manual

Chapter 1: Introduction

When the document camera is connected with the computer/laptop, it automatically goes to the live mode, in which the view captured by the document camera is shown. There is a variety of the function icons listed on the right, the left and the lower sides of the window. The following manual will be divided into three parts: Live mode (Chapter 2), Playback mode (Chapter 3) and Drawing mode (Chapter 4).

	About Showing the information of this application
	Live mode Showing the live image perceived by the document camera
	Playback mode Images and videos captured by the document camera
	Drawing mode A white/black plane for you to draw and add annotation at will

Chapter 2: Live mode

The live mode presents the live view captured by the document camera. Many functions are listed on the left, the right and the lower bar. All of them jazz up your presentation!
